JONES BEACH STATE PARK

CONCEDED to be the finest bathing beach in America. In addition to a glorious stretch of ocean beach there is a still water bathing beach 3000 feet in length on the Great South Bay, together with an open air swimming pool 100' x 150' and a 50' x 100' wading pool. The bath houses accommodating 15,000 people and flood-lighted game area, between the central mall and the west bathhouse where may be found bocci, horse shoes, roque, quoits, paddle tennis, deck tennis, rope ring toss, archery, shuffle board and a pony track for the kiddies, are now open.

In the east central mall building may be found a beach shop and a park operations office established to permit close contact between the Commission and its patrons and where patrons may get data and information pertaining not only to Jones Beach State Park but to the entire Long Island State Park system.

Refreshment facilities, from a modest sandwich to a full shore dinner, may be had at a reasonable price.

Deluxe coach transportation by the Bee Line.

For further information see page 4.

GOLF

At Bethpage Park, Farmingdale, is one of the finest 18 hole golf courses on Long Island. Formerly The Lenox Hills Country Club, it has been taken over by the Long Island State Park Commission and is now open to the public.

The course is a rolling one with plenty of hazards and traps to test the mettle of the "70" or "80" players: The fairways are wide and sweeping, and the greens are of billiard table smoothness.

The club house is situated on high ground in a setting of century old shade trees. There is a commodious lounge with an immense fire place, appreciated during the early spring or late fall.

The cuisine is of the best and the dining room has an atmosphere of cheer and comfort. The prices are reasonable. Lockers, showers, and drying room are available at a small extra charge.

Transportation to and from the park is furnished by Bee Line Deluxe Coaches. See page 5 for further information

A REAL scenic coach trip is provided by the operation of NORTH SHORE COACH SERVICE, to the North Shore of Long Island. Starting at either of the New York City Terminals, Pennsylvania or Capitol, proceeding to and over Queensboro bridge, a splendid view, looking down, is obtained of Welfare Island, and looking back, a receding panorama of the world's greatest metropolis.

At Jericho a turn to the north, and East Norwich and Oyster Bay are quickly reached and passed. Leaving Oyster Bay, honored and known throughout

the world as the last resting place of Theodore Roosevelt, the road bears to the right and then to the left, and becomes the famous shore road of Long Island's North Shore. Constructed right at the water's edge of Oyster Bay, it winds along the east boundary of Mill Neck, the village of millionaires, a distance of two miles, and crossing the new Oyster Bay-Bayville Bridge the terminus of the route is reached in the Village of Bayville.

Before Bayville was connected with the rest of the world by a passable road, little was known of this quiet hamlet. To-day Bayville is noted as having the finest bathing beach on the North Shore and lures fisherman from all points of the compass. From Bayville, ferry service is maintained with Stamford, Conn. Hotel accommodations are good and a tempting and satisfying chicken or shore dinner can be had from June until November. In the fall, duck shooting attracts the sportsmen and during the winter real ice skating is enjoyed at the well known Beaver Lake Dam. Bayville has an all year round population of close to 1500, and during the summer season, this number is more than doubled. A new elementary and grade school has recently been completed.
